Attn: Mr. Jason Rice, P.E.
P.O. Box 7908
Missoula MT 59807

Dear Mr. Rice:

At the recent County Park Board meeting, members of the board expressed a strong safety concern about the proximity of the dedicated park land to the East Side Highway in your Legacy Ranch proposed subdivision. We would request the developer construct a six foot chain link fence on the west side of the park to assure that park users do not have easy access to the highway.

Again, we appreciate the time and energy you've spent in negotiation with the Lone Rock Park District. We believe the interests of the public will be best served by producing a document that states the agreements you have reached. The document should then be filed with the subdivision records in the Clerk and Records office as well as in the official records of the Lone Rock Park District. At a minimum the document should contain the agreements to move the 30,000 yards of material required to level the playing fields and, if agreement can be reached, the commitment to build the above mentioned fence.

Sincerely,

Gary Leese
Chairman, Ravalli County Park Board
